## Singer Songwriter

Jim Nosler is a Texas Original, best known for his renditions of Americana classics. A staple of the Austin music scene for 30+ years, it's hard to find a musician he hasn't played with or a stage he hasn't played on. Following his recent move to Cape Cod full time, Jim is performing on the Cape as well as traveling to Texas for shows. As a solo performer, Jim sings, plays guitars and harmonica, "looping" for multi-instrumental sounds. He brings energetic arrangements to both original music and interpretations of a wide range of songs and genres. His unique playing style and vocal range, he can literally shift from radio classics, to high lonesome balladeer, to a one-man dance band at a moment's notice. Whether playing solo, or as a duo, trio, or with a full rhythm section, Jim is the perfect choice for your happy hour, house concert, company party, or a fun night of music for dancing under the stars.
